## NEW YORK CENTRAL & HUDSON RIVER RAILROAD CO.

Chief Engineer's Office, Grand Central Depot.

JOHN D. FOUQUET, Architect.

New York, February 25, 1889.

Messrs. J. B. KING & CO., 24 State St., New York City.

Gentlemen,—In reply to yours of yesterday, I would say that we have given your Windsor Cement Plaster a fair trial, first on the Niagara Falls Passenger Station, and afterwards on the R. R. Men's Building at East Buffalo, and with such favorable results that we have specified it to be used for the proposed new station about to be erected at Lockport, and also on walls of new Lunch Room and Restaurant at Rochester. Its strength and rapid working make it superior to any plaster heretofore used by me on station buildings. The jarring of passing trains is a severe test to plastering, and breaks the clinch and cracks ordinary plaster, and instead of using plaster we generally resort to the more expensive method of ceiling with wood, which is not as cleanly, and in many cases not as desirable as plaster, which renders the building more light and cheerful and warmer in winter. I looked into the matter thoroughly and found favorable reports from practical plasterers using it in the city on expensive buildings before I would take the risk of using a new material, which I knew only by samples left in office, and am thus far well pleased with results, and expect to continue using it on future work.

Yours very truly,

(Signed) JOHN D. FOUQUET, Architect

Since writing the above, we have continued to use the above described material with entire satisfaction, and intend using it at Department Shops and several Passenger Stations now under contract.

JOHN D. FOUQUET, Architect.

April 12th, 1892.

## THE BIRGE WALL-PAPERS

For the coming season are now ready. More than sixty thousand dollars have been expended in producing their new collection. In designing, coloring, stock, and printing, no economy has been thought of, the whole intent being to produce for the World's Fair year the most complete collection ever placed on the market. To show, in fact, the progress of four hundred years. That the humblest mechanic can to-day decorate his apartments with effects that, when Columbus sailed, could only adorn the palace of a king.

Everything that art, that money, and that skill could do has been lavished on this line. If you have a house or a room to decorate, ask for the BIRGE papers, and take no others.

The "Wall Paper Trust" are attempting to boycott these goods, and possibly your decorator may be one of the dealers who has pledged himself not to handle the BIRGE patterns. Then write to BIRGE & SONS direct; they will see that samples are shown you, and that only reasonable prices are asked.
